

Solidarity Forever (DCASB lyrics)

They have taken untold billions that they never worked to earn
But without our brain & muscle, not a single wheel can turn,
We can break their haughty power, gain our freedom when we learn
That the union makes us strong

When the drums of Trump beat war against lands so far away,
Lighting fires above Iran, oh the price that we will pay,
We will not be drawn to hatred, we will organize and say,
That the people must be strong.

When the union's inspiration through the workers blood shall run
There can be no power greater anywhere beneath the sun
Yet what force on Earth is weaker than the feeble force of one but
The union makes us strong
